## House Passes Second War Powers Bill

Covers A Wide Scope In Its Provisions

WASHINGTON, Feb. 28.—(P)—The second war powers bill, vesting vast emergency authority in the hands of federal agencies and the President, was passed today by the house little changed from the form originally advocated by the administration.

The action came on voice vote as the climax to four days of heated debate.

As finally passed and sent back to the senate for concurrent action on comparatively minor amendments, the measure contained a controversial provision giving federal reserve banks limited authority to purchase government obligations directly from the treasury. Under present statutes, they must be purchased on the open market.

That particular section still contained a clause to limit the total amount of direct purchases to \$5,000,000,000. In addition, opponents contended that it was so worded that it would prevent all sales—directly or indirectly—above that amount.

### Thirteen Provisions

As passed by the house, the bill contained these thirteen emergency provisions:

Gives the interstate commerce commission the same emergency powers over motor carriers it now exercises over railroads.

Extended the government's power to acquire real as well as personal property for emergency use.

Provides penalties for violations of priorities orders.

Authorizes federal reserve banks to purchase government obligations directly from the treasury.

Permits the waiver of navigation and marine inspection laws in emergency cases.

Removes from the requisitioning law the prohibition against taking machinery or equipment in actual use and necessary for the operation of a business.

Excludes certain part-time officers and employees of the government serving in the war effort from the hatch act.

Permits the assignment of CCC workers as guards for war industries.

## Brooder House Is Destroyed

A small house on the farm of J. L. Reine, seven miles northeast of Sedalia, was destroyed by fire about 10 o'clock Friday morning, and the loss of only four chickens out of 512. The loss to the building was estimated at about \$300 which is partly covered by insurance.

Mr. Reine, who resides at 605 West Seventh street, was at work on his farm, the old Nick Gentry place, when a small building used as a brooder house was noticed smoking on one wall. Investigation revealed the place on fire between the weatherboarding and inner wall.

Mrs. N. J. Wiggins, her daughter, Miss Elsie Wiggins, Mrs. Wesley Ford and Mrs. Tom Smith, wives of employees on the farm, rushed to the building and assisted Mr. Reine in removing the chickens. Mr. Reine remained on the inside of the building and tossed the chickens out in the snow and the women took charge. They also assisted in removal of brooder stoves and other equipment in the building.

The house was built by the late Nick Gentry for his son, Lee Gentry, now of Illinois. It was a one-room dwelling.

## 'Wrong Way' Corrigan To Army Air Corps

LONG BEACH, Calif., Feb. 28.—(P)—Douglas (Wrong Way) Corrigan has joined the army air corps ferrying command.

"Don't worry, compass or no compass, I'm taking these army planes the right way now," Corrigan said today as he left on his first delivery flight.

He explained his arrival in Dublin, Ireland, in a dilapidated plane in 1938 by saying he took off from New York for Long Beach and flew the wrong way.

Corrigan will assist army officers ferry all types of aircraft to dispersal points in this country for ultimate delivery to overseas battlefronts.

## More Desired For Civilian Defense Here

Reports Given On Activities Before Council Session

The Council of Civilian Defense, meeting Friday night, decided to ask the assistance of all organizations affiliated with the Round Table Council, to aid in registering persons for civilian defense. The total registration in the city and county is 1,855, a comparatively small number for a county this size, and each organization will be asked to have its membership registered, one hundred per cent, and encourage others to register.

D. S. Lamm, a member of the state council, who was present at the meeting, said that there is a great need for men and women, especially technically trained persons, to be registered and ready for service, in the event an emergency arises. Miss Roseanne Dugan, chairman of the volunteer registration committee, reported that the cards on the volunteers are now all filed. They show the first choice of service of the person registered, also the second, third and fourth. The registration is going to continue, and it hoped that every person in the county, who is able to do something in the program, will place their name on the volunteer registration list, as ready to help defend the county if needed.

### Scrap Metal Shipped

J. M. Morris, chairman of the agricultural committee, and in charge of seeing that scrap metal is moved, reported that from February 1 to February 26, inclusive, salvage dealers shipped 520 tons of scrap iron and approximately 16 tons of metals, including copper, brass zinc and lead. A total of 1,020 tons of scrap iron has been moved into consumptive channels during the two months of January and February, according to the report of local dealers.

## Little Fighting On Bataan Front

WASHINGTON, Feb. 28.—(P)—Patrols from each side cautiously tested out the main battle lines on Bataan peninsula today, but there was little general fighting on that Philippine front.

The war department's communiqué said the tiny army of General Douglas MacArthur held the advanced positions they gained by sudden attacks during the week.

While these advances had carried the forward positions of the Americans as much as five miles in some instances it has been made clear that the drivers did not penetrate the main lines of the enemy.

Mrs. Hugh Janes, registered nurse.

Students showing a positive reaction to the tuberculin test will be referred to their family physician. He in turn will decide if any X-ray is necessary. X-ray pictures will be sent to Mount Vernon tuberculosis sanatorium for interpretation and the report returned to the family physician.

### Schedule For County

The schedule for the county, starting Monday, will be as follows:

## Institute To Stress Aid By The Girl Scouts

Explained How They Can Help In Civilian Defense

An all day session of the Girl Scouts Defense Institute was held Saturday at the Elks Home, attended by about forty women, Girl Scout leaders, and representatives of many of Sedalia's civic and other organizations.

The principal addresses of the day were made by Ellsworth Green, secretary of the Pettis County Civilian Defense Council, Mrs. Landon Welch, past Girl Scout director, Mrs. D. Kelly Scruton, Girl Scout Commissioner, and Mrs. Harold Dean regional vice-chairman.

"The paramount concern of our country at the present time is to win the war and preserve a way of life—the democratic way, which is in danger because of the totalitarian threat," said Mr. Green.

"The United States," he said, "has set up a defense program to insure preserving her way of life—military defense—industrial defense—and moral defense," and he explained the part Pettis county is taking in that vast nation-wide program. He told of the organization for protection, in addition to police highway patrol and state guard protection. He told of the air raid wardens, auxiliary firemen, fire watchers, auxiliary police, bomb squads and other agencies for the welfare of the people, in the event of an emergency.

### Need Community Action

Defense program, he said, is affecting the community life. Problems have been created which call for community action, and an effort is being made to coordinate community work and synchronize services.

Mrs. Landon Welch explained how the Girl Scouts can fit in the program as outlined by Mr. Green. The Girl Scouts have been taught those things, during peace time, she said, which are now helpful during war time.

Mrs. L. J. Banner, Miss Joyce Lynn and Mrs. John E. Lamy led a discussion on "What Girls Can Do For The Committee." They mentioned child care, nutrition program, collecting salvage and other things.

At noon a "Nosebag" lunch was served.

Resuming their program after lunch Mrs. D. Kelly Scruton spoke on "How Are Our Adult Jobs Affected in General." She explained how the adults must work together, face new problems, plan and carry out those plans.

"Where Do We Go From Here" was the subject of the closing talk by Mrs. Dean, who discussed future plans for the Scout organization, and the part the girls will take in the defense program.

Attending the session were four members of the Marshall Council of Girl Scouts, Mrs. Louis Blosser, Mrs. Antone Exler, Mrs. F. H. Maples and Mrs. B. C. Ashford.

## Bandit Robs Webb City Bank

WEBB CITY, Mo., Feb. 28.—(P)—A check late today disclosed that an armed bandit who robbed the Webb City bank during the noon hour obtained \$4,852, Harry Easley, bank vice-president, announced.

No trace had been found tonight of the bandit, who kept 10 persons at bay as he coolly scooped up the money and then fled.

They are, left to right, Mrs. L. J. Banner, Miss Marian Phipps, local director of Girl Scouts; Mrs. Harold Dean (seated) regional vice-chairman; Mrs. John E. Lamy, and Mrs. D. Kelly Scruton, Commissioner of Sedalia Girl Scouts.

## Chest Drive To Be In April

Amount Of Goal Not Been Fixed By Committee

The Sedalia Community Chest Drive will be held in Sedalia April 13, 14 and 15, it was decided at a meeting of the Solicitations, Charities and Community Chest committee of the Chamber of Commerce, held Friday afternoon.

The drive is about a month earlier than last year, due to the fact, according to William F. Brown, chairman, that the agencies are running low on funds. Four agencies are financed by the drive, Girl Scouts, Boy Scouts, Salvation Army and Melita Day Nursery.

The goal last year was \$10,000. About \$8,000 was raised. This year, Mr. Brown said, the goal must be higher, but the amount has not been definitely determined upon.

Attending the meeting were Harry Brunkhorst, Chamber of Commerce director in charge, and a member of the Salvation Army board, William F. Brown, Ken Carstens, Richard M. Battles and Bryan Howe, committee members and Miss Marian Phipps and Mrs. D. Kelly Scruton, of the Girl Scouts; James McKinney, Boy Scouts; Captain R. C. Ellis, Salvation Army, and Mrs. William A. Buell and William R. Courtney, of the Melita Day Nursery.

## On Torpedoed Ship But Lives

Frank Kerswell, 420 West Sixth street, Saturday received a letter from his brother, Charles Kerswell, whose home is in Blight, England, and who is now an officer in the English navy. He had retired, but was called back to service.

The spirit of the English people is clearly shown in one paragraph of Mr. Kerswell's letter, which was written from a ship, unnamed in the letter. He states:

"As for myself, I have little to say. I am chief engineer of a tramp, or what you would call a freighter. I have been dumped three times since last March, torpedoed, burned and ship wreck. Twice I lost every stich, but still we keep smiling, and we all do. I get home very little now, but we mustn't complain."

The letter had not been censored.

## Trucks Rationing Begins March 9

WASHINGTON, Feb. 28.—(P)—Rationing of new trucks, truck-trailers and trailers will begin March 9, the war production board announced tonight.

Persons desiring to purchase such vehicles should file applications for purchase certificates with field offices of the interstate commerce commission's bureau of motor carriers. The applications then will be relayed to Washington and approved or rejected by defense transportation officials and the WPB.

Approximately 196,000 trucks and trailers will be available for rationing during the next 22 months, officials estimated.

### Will Address Rotary On 'Civilian Defense'

D. S. Lamm, a member of the State Council of Defense, will speak on "Civilian Defense" at the noonday luncheon meeting of the Rotary club, at Hotel Bothwell, Monday.

Joe Benson is in charge of the program.

## Form Assistant Fire Fighters

Intentions To Have At Least Eighty Members

More than forty business men and manufacturers of Sedalia met Friday night at the City Hall at which time the formulating of auxiliary fire fighters for the purpose of working with the city fire department in case of emergency was achieved. M. I. Parker, co-chairman of the Missouri State Council of Defense, was the principal speaker of the evening.

Mr. Parker, who is also chief engineer for the Missouri State Inspection Bureau, gave a most interesting talk on how to prevent and how to battle fires. He also told the group of how organization should be perfected and that in Sedalia at least eighty auxiliary fire fighters should be enrolled and trained.

In specifying the number he said that with that many men enrolled it would mean at least a fourth would be available at all times. Otherwise it means a required one man to every thousand population would be ready for duty in case of an emergency.

### To Have Demonstration

Also he announced that on March 17, a tentative date, he would return and bring motion pictures demonstrating the use of fire department equipment, extinguishers, ladders, how to conduct yourself in fighting fire, a picture which is deeply interesting as well as being educational. A training school is to be established at Fire Station No. 2, Central Headquarters for the purpose of training those who are assigned to those duties of firemen.

Many business firms and manufacturers have already designated.

## Parachutists Spread Terror Among Nazis

Surprise From RAF, In Invasion Across Channel

By ROBERT BUNNELLE

LONDON, Feb. 28.—(P)—Striking boldly into German-garrisoned France for the first time since 1940, British parachutists and heavily-armed infantry last night carried out a successful surprise invasion 100 miles across the English channel and for a few brief hours spread terror and confusion among the Nazi defenders of the mouth of the Seine.

Setting what London quarters believed was the pattern for a new 1942 style of British offensive action which may pave the way to a major smash at Germany from a western front before the year is out, the large force operated with strong RAF and Royal Navy support under a combined operation headquarters, completely destroyed a vital radio location center near Le Havre, and returned with the only survivors of a German garrison as their prisoners.

Not a single plane was lost in the operation, though large numbers of bombers were used to ferry the parachutists and many fighters were used to put an umbrella over the expedition both ways across the channel, a combined army and naval communication.

Likewise the naval forces which aided in the landing operations returned safely, and casualties were "very light," the communication added.

### Attack Radio Station

Dropping out of a moonlight sky into the light mists which shrouded their movement, the parachutists quickly formed to attack their objective, the radio location center at Bruneval, along the coast about 12 miles north of Le Havre.

Low-flying fighters swooped down ahead of the parachutist-laden bombers commanded by Wing Commander P. C. Pickard, hero of the documentary British war film, "Target For Tonight."

ST. LOUIS, Feb. 28.—(P)—Soldiers at Jefferson Barracks, voting on the person they'd like most to visit the camp, selected Hedy Lamarr today. That wasn't surprising.

Neither were the next four choices—Lana Turner, Gene Tierney, Betty Grable and Ann Sheridan.

But No. 6 in the poll, ahead of Olivia De Havilland, Madeleine Carroll, Rita Hayworth and Joan Fontaine, was—Zasu Pitts.

## Farm Bloc To Ask Accord On Price Policies

About Face Is Agreed On In A Conference Held

WASHINGTON, Feb. 28.—(P)—The senate farm bloc decided today to seek an agreement with President Roosevelt on commodity price policies rather than pressing efforts aimed at forcing the administration to let corn, wheat and cotton prices rise.

This about-face course was agreed on at a strategy conference which selected a committee of seven to ask Mr. Roosevelt for a conference next week.

In explanation of the change of tactics, one member of the group told reporters:

"Sometimes a brief retreat brings victory."

While Senator Thomas (D-Okla.) did not comment himself, other senators predicted he would abandon his attempt to attach a "parity price rider" to the pending \$32,000,000 war appropriation bill. The measure has been held up in the senate for a week by a dispute over price restrictions.

The proposed Thomas rider would forbid the government from selling its stocks of surplus farm products at prices below parity (the price calculated to give the product the same purchasing power in terms of non-farm products that it had in a base period, usually 1909-14).

In order to hold down prices, the government has been selling commodities below parity.

### United Nations Put Four Ships Out Of Action

By WITT HANCOCK  
BANDOENG, Java, Sunday, March 1.—(By Trans-Pacific telephone to New York)—(P)—Powerful Japanese invasion forces battled their way past the blazing guns of outnumbered United Nations warships in the Java sea overnight and landed in the face of furious allied resistance at three places along the northern coast of Java.

### Vigorous Land Action

At 8 a. m. (6:30 p. m. Saturday central war time) the battle for this bastion of the United Nations in the Netherlands East Indies was raging in full fury at all three points.

The official Dutch news agency Aneta ordered its Batavia correspondent to depart immediately from the capital "for the front." The agency indicated that vigorous land action already was under way.

The showdown battle for Java started with a landing in the northwest part of Bantam province, at the island's extreme west, opposite the tip of Japanese-occupied Sumatra.

This was followed in the early morning hours by additional landings at Rembang, on the north central coast, 90 miles west of the great Soerabaja naval base, and at Indramaju by, 90 miles east of Batavi, Java's capital.

### Fight Rages With Fury

BATAVIA, Java, Sunday, March 1.—(P)—Japanese invasion hordes, running the gamut of the allied nations' southwest Pacific fleet and air corps, landed last night and early today in western and middle Java, last island bastion of the allies in the Netherlands Indies, and immediately came to battle with defending American, Dutch and Australian forces.

The first Japanese troops, part of a massive invasion force borne by "tens" of transports, landed last night in the northwest part of Bantam province, opposite Japanese-occupied Sumatra, and

## Trial For Short And Kimmel

WASHINGTON, Feb. 28.—(P)—Major General Walter C. Short and Rear Admiral Husband E. Kimmel were ordered today to stand trial by courts martial on the charge of "dereliction of duty" for failing to take proper safeguards against a surprise Japanese attack on Pearl harbor.

Until the trials are held, possibly after the war, the former army and navy commanders of the Hawaiian defenses were permitted to retire to civil life on the regulation retired pay of \$6,000 a year for officers of their rank.

The long-studied decision that they should face trial was announced in brief, almost identical statements by Secretary of War Stimson and Secretary Knox of the navy, which bore the approval of President Roosevelt.

The statement that the trials would be delayed "until such time as the public interest and safety would permit" suggested no early airing was likely, under war conditions.

Applications for voluntary retirement filed by Admiral Kimmel and General Short three weeks ago, after they had been relieved of their commands, were accepted "without condonation of any offense or prejudice to any future disciplinary action."

# Huskers Dominate Big Six Track Meet

## Four Records Set In Eight Events At Kansas City

**Ginn Of Nebraska Breaks Munski's Mile Time; Missouri Big Disappointment**

KANSAS CITY, Feb. 28.—(P)—Four new records were set in the book tonight at the end of eight events in the Big Six indoor track championships and Nebraska had flashed to 33 points, 12 more than its nearest rival, Oklahoma.

Missouri had faded badly, collecting 12 points up to this time for fourth place behind Kansas State's 17.

**Ginn Beats Munski's Time**  
Bobby Ginn of Nebraska ran the mile in 4:21, beating lonesome John Munski's time of 4:28.4 in 1940. Oklahoma's Billy Lyda turned in a 4:33 time in the 440, eclipsing Gene Littler's 1941 mark of 5:01.

Ken Farris of Oklahoma, competing in his first Big Six championship meet, set a broad jump record of 22 feet 11½ inches, one inch farther than the old mark made by J. R. Jones of Kansas in 1940.

**Walters Runs Fast Dash**  
Don Walters, Missouri's bullet-fast dasher, stepped off a .062 time in the 60-yard dash during the afternoon preliminaries for a record but wound up in fourth place in the finals, which was won by Nebraska's Red Littler in .063. The former record was .063 made by Littler in 1940 and duplicated by Walters last year.

Results of the Big Six indoor track meet:

**Renders Itself Rancid**  
When the Texas wild hog, or javelina, is wounded, its flesh is rendered rancid by a gland in its back, which releases a fluid that spreads throughout the body.

No skating records for distances of 6 to 10 miles have fallen since 1894. These are held by John Johnson, of Montreal.

## Infield Of Cards Has New Faces

ST. PETERSBURG, Fla., Feb. 26.—(P)—Two Rookie and two veterans worked together in the St. Louis Cardinals' first infield drill of the spring training season today. Ray Sanders from Columbus was at first, Bob Blattner from Sacramento at second, Marion at shortstop and Jimmy Martin Brown at third base.

Sanders has a golden opportunity to jump into Johnny Mize's old job, but Blattner can look forward to plenty of competition when, if and as Frank Crespi ends his holdout for more money.

## M. U. Tigers Lose 40-41 To Nebraska

### Huskers Score The Winning Points In Last Ten Seconds

COLUMBIA, Mo., Feb. 28.—(P)—Missouri's fighting Tigers led Nebraska all the way tonight, but in the last five seconds Max Young, Cornhusker guard, sank a shot from the middle giving the contest to the Huskers, 41 to 40.

Determined to give the home folks a show in the last game of the season here, the Tigers, sparked by little Herbie Gregg, bottled up Sid Held, giving him only two goals from the field.

**Missouri Loses Lead**  
Missouri was ahead by one point in the last few minutes. After several Husker free throws missed their mark, Nebraska got the ball out of bounds in the last ten seconds. A quick pass to young and the goal was converted. Gregg, playing his last game for Missouri at home, led the scoring with 15. Held, Young and Nelson shared Nebraska scoring honors, each collecting eight. Loren Mills, Tiger guard, counted for ten Tiger tallies.

## Kirby Higbe Fined \$350 By MacPhail

HAVANA, Feb. 28.—(P)—President Larry MacPhail of the Brooklyn Dodgers today fined pitcher Kirby Higbe \$50 a day for each of the seven days he was late in reporting to training camp. Higbe refused to accompany the Dodgers to Havana when the team flew here from Miami Feb. 18. Higbe said it was because he didn't like Havana but MacPhail said it was because Higbe was not allowed to bring his wife to training camp.

Teased oil to a total of 296,174 pounds was imported by the United States during the second quarter of 1940.

## Al Blozis Georgetown University Breaks Indoor Shot Put Record

By HAROLD CLAASSEN

NEW YORK, Feb. 28.—(P)—Al Blozis, the Georgetown University footballer, established a new world indoor shot put record tonight by pushing the 16-pound iron ball 57 feet ¾ inch in the finals of the National A. A. U. championships at Madison Square Garden.

Irked by his inability to get off a good toss last week in the same circle at the New York A. C. meet, Blozis lowered the ball to within ¼ inch of the accepted outdoor world mark which Jack Torrance of Louisiana State set in 1937.

Blozis won the title a year ago with a heave of 55 feet, 4½ inches.

**Wolcott Now King**  
Fred Wolcott, the old Rice Institute, timber topper, supplanted Allan Tolmich as the king of the 60 yard high hurdles and Norwood Ewell of Penn State took the 60-yard dash, dethroning Herbert Thompson of Jersey City, in meet record equalling time of .062.

Tolmich did not compete this year. Charles Hlad of Michigan Normal College was second to Wolcott by inches in the .072 race, a time the blond young collegian equalled in the preliminaries.

John Borican, the powerful negro artist who is one of the world's better middle distance runners, boiled to a meet mark in the 1,000 yard run with a time of 2:10.5 and then hurried an additional 94 yards for a world mark in the 1,000 meters.

## Plans For Cage Tourney At Y. M. C. A.

**Teams Will Be Divided Into Class A And B Groups**

Plans for a county-wide basketball tournament to be held at the old "Y" gym by the Sedalia Athletic Club, is underway, according to Thomas "Dolly" Farris county supervisor of the WPA Recreational Program. The tournament will be divided into two classes, Class A and Class B.

Class A will be for boys 14 years old up to 18 years old while Class B will be for boys under 14 years old.

**Starts March 14**  
The tournament will be held on March 14th and 21st with Division A to play March 21 and Class B to play on March 14. Teams are expected to be entered in both divisions from Green Ridge, Smithton, Hughesville, LaMonte, Houstonia and the Sedalia schools. No entry charge will be made.

Entries to the tournament can be made by writing to Mr. Farris at the Sedalia Athletic Club, Fifth street and Lamine avenue. The tournament is being sponsored by the Pettis County Court as part of the recreational program. A trophy will be awarded the winning team in each division.

**Make Miniature Planes**  
Mr. Farris also announced the wood craft project in Sedalia, in the near future will start to making model airplanes and miniature models which will be sent to the Army and Navy. Already this work has started at the Smith-Cotton high school craft shop.

A large box has been placed at the entrance to the gym for the purpose of collecting scrap metal which will be turned over to the defense program.

New members in the Athletic Club are Judges Lon E. Leslie, J. K. Lacey and George M. Lane of the County Court, Leslie Bennington, Charles Maggard, Don Clifford, Fred Viebrock, and the following women, Mrs. F. A. Clark, Mrs. Maude Sutton, Mrs. Billie Lebeague, Mrs. Mildred Goldsmith, and Mrs. Dorothy Vaughn.

## Warrensburg Teachers Bat Washburn 43-27

WARRENSBURG, Mo., Feb. 28.—(P)—Warrensburg Teachers turned back the invading Washburn University basketball team from Topeka 43 to 27.

The visitors trailed 16-21 at the intermission. They played the second half on almost even terms. But the Warrensburg lead was enough for the game.

Martin, Warrensburg center, was high scorer with 16. Dougherty, with 14, and Yoeman, with 13, led the Washburn attack.

**Lots of Birds**  
Bird species of the world greatly outnumber species of mammals and reptiles combined. The latter two have about the same number of species as each other.

Pearl S. Buck, famous author, was born May 5, 1890.

Talking with Dr. Charles Weaver the past week, about the coming fishing season, and what "fire rationing" means to the sportsmen, the doctor remarked, "It will be the bringing back of those old-time fishing parties, when a group of men would get together, ride to Warsaw on the train, hire a wagon and drive down to the best 'fishing hole'."

"There is likely to be less individual fishing this year than in many a year, because, the man who jumped into his car after work and drove down to the lake or creek to catch an hour or so fishing, will likely call several other fishermen, and they will divide up the trips during the season."

"It will be great, to hire an old truck or wagon and the bunch get together down on the lake or creek bank—just like twenty years ago," the doctor said.

For more than three years we have been wanting electricity down on the lake in our cabins; for three years we were promised it from month to month. Then came the war, and we were informed by the "grape-vine route" it would be a year or more before the line could reach the cabins.

A long-distance call last week to some of us informed the listener, "We want to get into your cabin, the 'juice' is on and we want to hook up." Yes sir, a lot of us didn't think we would get it and got caught—as the old saying goes—with our pants down. We had failed to wire the cabins, now the tire "clump" is on, but when we do get wired up, and we are able to "hike" down, then that "juice" will certainly be enjoyed.

Just like "Doc" said, it's going to be great—but there will not be the smell of the coal oil, the worry over fire, as it was twenty years ago.

Bless Bess—if there are not a couple of more readers of this column than I expected. Anyway that's the report from the office of Ernest Baker, secretary of the Missouri State Fair, to whom I requested letters be written regarding "running races" during fair week. However, Mr. Baker implores, requests and pleads for everyone really interested to write a postcard, to tell his or her friend to write one so it will give him a reason to schedule "running races."

One interesting card, already received, was very definite in part, and attracted the attention of everyone in the state fair office. It came from Pilot Grove and in part said: "I definitely want to know if you are or are not going to have running races. If you aren't, then we are going to attend the Springfield, Illinois State Fair."

If Ed Duensing, superintendent of speed, an advocate of strictly harness races, could walk through the grandstand and hear the remarks of those who paid their fifty cents, then he would agree RUNNING RACES might help to increase the attendance—Lord knows the fair will need it this year, of all years.

Let's see if we can't get several hundred letters and post cards on the desk of Secretary Baker this week, so he will have a "leg to stand on" in making a schedule for this year.

## Hughesville Ready For Big Tourney

The annual Pettis County Activity Association, composed of eight high schools, will hold its annual basketball tournament at Hughesville this year Friday and Saturday March 6 and 7. Included will be the annual volleyball tournament.

If the dope runs true to form then the finals should be played Saturday night between Smithton and Stover. The two teams, considered the strongest in the tournament were seeded, with Smithton being placed in the top bracket and the Stover aggregation in the lower bracket.

**Games Start Friday**  
First rounds will be played on Friday with LaMonte and Smithton meeting at 9 o'clock that night; Stover and Lincoln clash at 5 o'clock; Houstonia and Cole Camp take the court at 7 o'clock while Hughesville and Green Ridge do battle at 8 o'clock.

The volley ball tournament opens for the girls Friday afternoon. Cole Camp plays Green Ridge at 2 o'clock; Hughesville vs. Lincoln at 3 o'clock; Smithton and Houstonia play at 4 o'clock, while Stover was given a bye, no team being entered by Lincoln.

**Finals Saturday Night**  
Saturday basketball takes the lead off with games starting at 9 o'clock in the morning and ending at 9 o'clock that night while volley ball takes over at 1 o'clock in the afternoon ending at 10 that night.

Officials for the tournament will be Louis Alley and Albert Steiner of Sedalia.

## Jr. Legion Plan 1942 Ball Season

**Good Outlook For Team This Year, Committee Reports**

The Junior American Legion baseball team of the Pettis County Post No. 16, is expected to be the best since its organization. The Legion Committee in charge, met Friday night, at which time they re-appointed Cecil Glenn as team manager, and also named Gene Horner, former Merchants pitcher, as coach and trainer of the pitching staff.

The committee is composed of Walter Pinkepank, chairman, Richard "Dick" Wood, Roy Willis, and Glenn. Discussion of players for the year was the main subject and the replacing of the famed little battery of Walker and McMackin, who have become too old to play with the team and are now looking forward to "bigger time" baseball.

**Three Pitchers Back**  
It was brought out the squad has three pitchers back from the 1941 season, all who are expected to come through with as good records as that of Walker, Homer Goff, Horace Donath and Jack Livengood, who have had enough experience to settle them and make them "Legion Veterans" of baseball. The catching staff will be equal McMackin in Donald Weller and William Lynch, both who have been proven and both who have a fairly good "hitting eye."

Coach Horner and Manager Glenn, both announced at the meeting when question about "temperamental" players that any boy who fails to cooperate to the fullest extent will be immediately removed from the squad and prohibited from further playing in Legion baseball. The players must cooperate at all times, take their orders, and produce "or else" they said.

**Transportation Problem**  
The transportation problem was fully discussed and it is planned to have the team travel by train when ever possible. Double header games have been discussed when a team makes such train trips.

The district will probably be composed of Columbia, Jefferson City, Clinton, Booneville, California and Sedalia.

During last year the team has a record of seventeen victories against six defeats.

A real "baseball spirit" has been shown by the team during these years and for 1942 the club is fortunate in having back the entire lineup from the previous season. Eight of its members will be playing together for the fourth straight year.

The players from last year are Captain Paul Solken, Secretary Gene Bremer, John Dove, Bobby Brunkhorst, Junior Bohon, Mark Lamm, Bill Green, Edgar Curtis and Robert Curtis.

**Slowly Sinking**  
The land around London is sinking at the rate of nine inches a century. It was about 70 feet higher in the late Stone Age than it is at present.

Black is the symbol of sadness.

## Party Given For Johnny Swisher

A party Saturday night was given Johnny Swisher, member of the 1941 Sedalia Merchants baseball team, by fellow members of the team, at the home of Harry Light, 500 East Fifth street, manager of the team. The evening was spent in playing cards and reviewing happenings during the past year with the ball club.

Among those present besides Mr. Swisher, Manager Light, were Frank Eschbacher, Lawrence Mehl, Junior Smith, Bus Livengood, John Thomas, Elbert Shores, Russell Overfelt, Jake Summers and Forrest Zev.

Swisher leaves on March 9 for the United States Army. He is the second member of the team to go into the service, the first being Jimmy Taylor, president of the club last year, who went into service late last fall.

## Fishermen Haul Out Equipment

**Trout Season Open Today; Record Turnout Expected**

JEFFERSON CITY, Feb. 28.—(P)—Missouri fishermen probably will turn out in record numbers for tomorrow's dawn opening of the trout season—if Saturday's spring-fortelling weather holds the weekend.

Gates of three state parks and five other special trout management areas will open with a pistol shot at sun up, two months in advance of the May 30 general opening of all trout streams and lakes.

**Camp Sites Reserved**  
Conservation Commission officials said all camping facilities at the three state parks—Bennett Spring, Roaring River and Montauk—had been reserved for several days, and predicted the opening would be "as big as last year or bigger." In 1941 a record 1732 anglers tried their luck the first day.

**Eight Trout Limit**  
Trout tags are 25 cents each at the three parks but are not necessary in the management areas. Daily bag limit is eight trout, not less than eight inches long. Not more than 12 may be possessed at any one time.

## Requested Wins Flamingo Stakes

MIAMI, Fla., Feb. 28.—(P)—Ben F. Whitaker's Requested, forced to play second fiddle to Alsab as a two-year-old, turned the tables today with a spectacular victory in the rich Flamingo stakes worth \$28,150.

Coming out of nowhere with a burst of his old speed, Alsab snatched third place back of the long shot Bedthorn.

The biggest crowd of the season at Hialeah Park, 26,571, got its first thrill in a mile and eight, \$2,500 race when Louis Tufano's astounding cinderella horse, Market Wise, beat one of the best fields ever to run here.

## Local Baseball Club Will Hold Meeting

**Date Set For Sunday March 7; Taylor In Army**

Baseball is in the air among the Sedalia Merchants baseball club players, although nothing definite has been decided upon by its members. Harry Light, manager of the 1941 team, Saturday announced a meeting will be held Sunday afternoon March 7 at which time the reorganization of the club will be held, a new manager to be elected and other officers to be chosen.

Light who successfully piloted the team to a good season in 1941 has declared he wants to play on the team but does not want the worries of handling the team. The members of last year's squad will, however, decide the issue of management at this meeting.

**Want Semi-Pro Tourney**  
In discussing the prospects for 1942, Manager Light said there is every indication that night baseball should be successful for the Merchants and especially Sunday afternoon games. He wants to see the team enter in the Missouri Semi-Pro tournament, which is scheduled for Sedalia this summer under the sponsorship of the Sedalia Chamber of Commerce.

Jimmy Taylor, president of the club, is now in the United States Army, going into the service last fall after the season closed. A president has to be chosen to fill this vacancy. The only other player at present to be lost because of the selective service on enlistment is Johnny Swisher who leaves March 9.

**To Elect Club Officers**  
Other officers of the organization are Frank Eschbacher, treasurer, and business manager; Lawrence Mehl, secretary and scorekeeper.

The only problem at present for the team will be a pitching staff, while Jake Summers and Russel Overfelt are expected to return in uniform this summer. However, youngsters will be given every opportunity to make the squad and will be given every consideration in playing. A number of boys who graduated from the Junior Legion are expected to try for the Merchants ball club this year.

The place for the meeting will be announced this week.

## Smith-Cotton Places Third In Tournament

Smith-Cotton Tigers placed third in the Booneville Regional tournament, by defeating the Hickman high school cagers from Columbia 28 to 21 in the preliminary game of Saturday night. Jefferson City won the Regional Championship by defeating Booneville 35 to 15.

Jefferson City eliminated the Tigers Friday night from the championship flight by defeating them 29 to 14.

## Police Quiz Three Japanese

Three young Japanese, chicken sexers, were picked up by Sergeant George Maness Saturday afternoon after a call was received at police headquarters that they were seen in a large Buick automobile, two dressed in United States army uniforms. They were taken to police headquarters where Chief of Police H. Anderson questioned the trio and released them later.

Takeo Fujishima, was discharged a week ago from the United States army as was his companion George J. Hirabayashi, after serving more than a year. They were given medical discharges and assigned to the United States Reserves subject to immediate call. According to the two young men they were short in height by nearly an inch of the army regulations.

Hiroshi Satow, called by his friends Henry, is a citizen and has been working at the Bush Hatchery, at Clinton, coming here several days ago to help at the Rice Hatchery on South highway 65.

All three produced their birth certificates, while Fujishima and Hirabayashi produced their discharges from the army which were honorable discharges, because of their height. Both discharges were marked "character—excellent."

The two expect to begin work at the Rice Hatchery Monday.

**Horse "Frog"**  
Every time a horse sets down its feet, it steps on a frog. He has a triangular, elastic, horny pad, called a "frog," on the bottom of each foot.

In Argentina, America motion pictures hold a dominant position. German films rank second, French third and Spanish fourth.

## Here's The Crack 128th Field Artillery Basketball Team

Fort Jackson, South Carolina, this past winter has found out that when Missourians go in for basketball, they go in for basketball, hence the 128th Field Artillery cagers displayed some great "court" work down south. The team lost only one game in two seasons against both military and civilian opposition. Incidentally Col. Charles E. Barkshire, of Columbia, commander of the 128th is proud of the record and states "basketball isn't all they are good at. Just check the record of the 128th in artillery fire and our enemies will find out Missourians can do other things besides being outstanding in sports.

The team: left to right, Jack Obermiller, George Bland, Gale Donahue (captain of the team), Col. Charles E. Barkshire, commanding officer of the 128th, mascot "Sonny" Condon, Jack Blohm, Robert Buschmeyer, Bates Griffith; top row, left to right, Lieut. William R. Pills, regimental recreation officer, Berry Langford, Edwin Goodpasture, Bill French, Glenn Breckenridge, Richard Copeland, Russell Inley and Lieut. Robert N. Scroggins, coach, comes from Clinton, but is attached to Battery A of St. Louis.

All but one is a Missourian, and each was an outstanding athlete in high schools and colleges. Most are college cagers. Private Copeland, hails from Murray, Kentucky. Private French, is a former Calhoun high school star and Private Griffith comes from Windsor, French played with Warrensburg and Griffith with C. B. C. in Kansas City.

Sergeant Robert Buschmeyer, comes from Booneville, and played at Central college. Little Edward "Sonny" Condon, Jr., is the son of Major and Mrs. Condon of Maryville. Major Condon is in command of the Second Battalion of the 128th.

## Purim Be At Temple Beth El

In a world engaged in a life and death struggle for the "four freedoms," the Festival of Purim, or Lots, which the Jews will celebrate this year on March 3, has special significance. It commemorates a victory from freedom and justice. At the synagogue, on the Eve of Purim, a scroll called the Megillah, containing this story, is read. The festival of Purim becomes synonymous in Jewish history with salvation and thanksgiving. It is celebrated with color and gaiety. It is the occasion for plays and masquerades, for feasting and gift giving, for prayers and remembering the poor.

He referred to the sale of defense stamps in the schools, which to date in Hughesville is \$150; of the Hughesville school 100 percent Junior Red Cross membership; of the 2,600 pounds of paper sold for \$12.25 and the money given to the Salvation

Army in Sedalia; of the enrollment of 85 percent in the high school for civilian defense work. # Has Articles On Sedalians

Rail Magazine Has 'V' Photo Of Local Shopmen

The monthly Missouri Pacific Magazine was distributed to shop employees Tuesday and contained many interesting features to Sedalians. On the front page is shown shopmen at Sedalia, North Little Rock, and Kingsville in a composite picture that forcibly depicts the viewpoint of every member of the Missouri Pacific family. At the top of the page is shown the "V" for victory taken of the entire force at North Little Rock, with the bandmen aligned to form the traditional three dots and a dash. Women boosters and division employees joined Kingsville shopmen to form the V in the center. The lower picture among the more than 1,200 shopmen who were on duty at Sedalia shops on the day the photograph was taken by the Sedalia Democrat staff photographer.

There is also an item relative to the death of Lieut. George Allison Whiteman, 22 year old son of Special Officer and Mrs. John C. Whiteman of Sedalia, as well as two other employees' sons who were among the first to die in their country's fight for freedom, liberty and democracy.

There are a number of photos showing reclaim operations at Sedalia of taking a journal bearings whose life of 100,000 miles has been exhausted, and rejuvenating it for 65,000 additional miles. Photos are as follows: 1-Babbitt lining is melted from old bearings; 2-Babbitt is moulded; 3-Old brass is reused if not below A. A. R. specifications, otherwise it is scrapped; 4-Tinning the brass back of the reclaimed journal bearing; 5-Pouring the babbitt metal; 6-Removing bearing from multiple unit after babbitt as hardened; 7-Broaching babbitt surface of bearing.

An article appears stating there are 523 men who have left the service of the Missouri Pacific Lines to take up service with the nation's armed forces. This list shows all who have, up to February 1, joined the Army, Navy or Marine Corps and gives the names, railroad occupation, locations, non-commissioned or commissioned rank. A large number from Sedalia shops are listed with a good many having enlisted since February 1st.

Included in this issue is a photo showing a "score board" for safety shoe wearers at the Sedalia Reclamation plant which shows a 100 per cent record.

On the Women's page is an item concerning Mrs. W. E. Bruce, wife of sheetmetal worker, Sedalia shops. The "Magnificent Obsession" of Mrs. Bruce, finds her in many poverty and grief stricken homes, helping with her pocket-book, and her own actual expenditure labor to spread good cheer and sunshine. As a member of the First Christian church, she works with Circle Six of Church Council, is chairman of transportation committee and member of telephone committee, member of Junior-Adult Sunday school class, and is well-known for her district and Christian Endeavor work.

creating a diversion for main attack at the mouth of the river which leads directly to Paris. Although strong resistance was encountered, the communique said, the radio location apparatus used to warn of the approach of raiding British planes on the Brittany peninsula, was "completely destroyed and heavy casualties inflicted by our parachutists."

Meanwhile, operating with split-minute precision, British fleet units approaching the Bruneval beach began shelling the area and put out assault boats with infantry attacking from the rear.

To this cleared beach, the parachutists then escaped with their prisoners, the remnants of the radio center garrison, and were taken aboard by the light naval forces offshore.

"The embarkation was completed in good order and all our naval craft returned to base, escorted by aircraft of the fighter command," said the communique.

# Essential To Fill Quotas In Civilian Defense Divisions

## Invasion Hordes Of Japs Land On Java

(Continued From Page One)

in Indramaju bay, on the north central coasts.

These thrusts, flanking Batavia, were followed early this morning by additional landings on an extensive front along the north coast about 19 miles east of Rembang, which is some 90 miles northwest of the naval base of Sorobajaja.

## Engaged By Naval Units

The forces taking part in the Bantam landing were heavily engaged by United Nations naval units.

Two other sections of the landing fleet were attacked overnight by allied aircraft and it was announced officially that losses were inflicted upon the enemy.

"These bombing attacks are still proceeding," the official announcement added.

(The navy announced in Washington late Saturday that the 8,500-ton Japanese cruiser Mogami and three Japanese destroyers were put out of action during the battle of Java.)

"None of our vessels suffered heavy damage in the initial phase of this battle for Java," it added, "and our forces are still intact despite the overwhelming superiority in numbers of the enemy naval forces."

## Initial Phase Victory

WASHINGTON, Feb. 28.—(AP)—American fighting ships, with naval units of other United Nations, put a Japanese cruiser and three destroyers out of action in what the navy said today was an "initial phase" of the battle for Java.

However, American submarines torpedoed and probably sank five other enemy ships in the western Pacific war theater in previous actions, a navy communique said. The 8,500-ton cruiser Mogami which was driven out of the fight in the Java sea yesterday was part of an enemy naval force of "overwhelming superiority" conveying 40 transports for an intended landing on the north coast of Java.

The American units participating with Dutch, British and Australian naval forces, the communique said, probably consisted of one heavy cruiser and five destroyers.

## Forces Still Intact

The navy made a point of saying that this "major action" near the last big base for the United Nations in the Indies was of initial character and that "further action can be expected in this area."

And in this connection, there was significance in the navy's statement that after the battle, which sent the enemy train retreating to the north, the United Nations forces were "still intact."

## Consulate Burns Files

BANDONG, Java, Feb. 28.—(AP)—The staff of the American consulate general burned its files today, preparatory to leaving.

All American correspondents were also advised to leave the Indies capital, and it was understood that the British consulate gave similar advice to British correspondents.

## Wheat Declines With Corn Little Higher

By FRANKLIN MULLIN

needed to meet requirements of the U. S. armed forces for the fiscal year 1942-43 has been prepared. This estimate has been submitted to them, approved and orders have been placed with the mills for a portion of the yarn needed. Additional orders will be placed with the mills later in the spring and summer.

## Determine Knitting Quotas

Quotas for the number of articles to be made by chapters will be determined by the national Red Cross organization, taking into consideration the quantity of yarn available and the number of knitted articles needed.

This yarn will be distributed to the chapters on a per capita population basis of one pound for 100 of population; the total population residing in the chapter's jurisdiction will determine the number of pounds of yarn to be allotted.

It is hoped that a small portion of this yarn, perhaps 20 per cent of the total chapter allotment, will be available within 30 to 60 days.

Members of production corps have been directed to hold themselves in readiness to resume activities on an expanded scale on short notice whenever that should become necessary.

## The More Dollars You Save in Defense Bonds . . . The More "Axis-Crushers" Our Army Will Have

AMERICA must produce 45,000 tanks this year! 60,000 planes! 20,000 antiaircraft guns! Altogether, 56 billion dollars worth of *fighting* equipment to smash the military maniacs attacking us.

That's why billions of *fighting* dollars—your dollars saved for Defense Bonds and Stamps—are needed and needed now!

That's why every American man, woman, and child must put every dime and dollar not into auto tires but into automatic rifles—not into luxuries, but into tanks—not into spending for the pursuit of happiness, but into Defense Bonds for the relentless pursuit of our enemies.

An important part of America's job, your job, this year is to spend less

and save more—to invest in safety with perfect safety! Not only does the United States Government guarantee your money, it guarantees to give you back \$4 for every \$3 you save in Defense Bonds when you hold the Bonds to maturity! In fact, \$18.75 brings you \$25 with absolutely no effort or work on your part!

Make up your mind right now to save for Defense Bonds—regularly. Set aside as much as you can. Make every pay day Bond day! Remember, you can start saving for a Bond by getting Defense Stamps for as little as 10 cents.

AMERICA NEEDS MEN . . . MATERIALS . . . MONEY and the Money Must Come from YOU

*When is maturity?* Ten years from the time you buy the Bond. If you need the money before then, you can cash the bonds at any time after 60 days from their issue date. A table of cash-in values is printed on each Bond. Naturally, the longer you hold the Bond, up to 10 years, the more money you'll get back. But you'll never get less than you put in.  
*What's the interest rate?* When held to maturity, the Bonds yield 2.9% per year on your investment, compounded semiannually—you get back \$4 for every \$3 you save in Defense Bonds.  
*Where do I go to buy a Bond?* To your local Bank, Post Office, Savings and Loan Association, or other Defense Bond Agency.  
*What about Defense Stamps?* Buying Defense Stamps is a convenient way of saving money with which to buy a real Defense Bond. Stamps are sold for as little as 10¢.  
*When should I buy a Bond?* Start now; buy regularly. If your company has a Pay-Roll Savings Plan, take advantage of it NOW! INVEST IN SAFETY—WITH PERFECT SAFETY!
